

PERSONAL PROTECTION - **FIRE RETARDANT CLOTHING**

Chainsaw chaps

Cut protection for the legs, Class 1 (20 m/s)

The chainsaw chaps are designed to ensure the protection and safety of the chainsaw operator while working.

They are designed to avoid snagging on vegetation and to be adapted to users of different sizes. It has a total of six layers of fabric, adjustment at the waist and legs through buckle straps, and adjustment at the sleeve cuffs through Velcro fasteners.

MATERIALS

Anti-cut, polyester and waterproof fabric.
